# Multi-Asset Income Portfolios

Multi-Asset Income Portfolios are actively managed portfolios of high yielding investments in Australian and global equities, fixed interest and cash.

Private Portfolio Managers Pty Limited (PPM) is a boutique investment manager with over 25 years' experience in building and managing equity portfolios for clients through individually managed accounts (IMAs). Although each IMA portfolio is managed individually and incorporates each clients specific investment parameters and tax requirements, the aggregate characteristics of the Multi-Asset Income Portfolios are detailed below.

## Key Features

- A portfolio of directly held assets listed on major global exchanges, either tradable or redeemable
- Selected and managed by PPM using its proven investment process
- Risk averse, long term approach
- Tax aware, seeking to optimise after tax returns
- Concentrated portfolio of high yielding investments in Australian and global equities, fixed interest and cash
- Unhedged
- Can accept contribution in cash or transfer into the portfolio of existing shares

## Investment Objective & Strategy

- Generate an agreed income target (\$ or % of portfolio) and grow the capital value of the portfolio in line with inflation over the investment cycle
- Low long-term volatility
- Investment process identifies sound assets. Disciplined approach to valuation.
- Comprehensive, in depth research into investments
